Effect of the creation of MásOrange, the joint venture between Orange and MásMóvil in Spain

As a result of the creation of MásOrange, the joint venture between Orange and MásMóvil in Spain on March 26, 2024, the Group's business in Spain (excluding Totem's activities in Spain) has been considered as a discontinued operation since March 26, 2024, in application of IFRS 5 *"Non-current assets held for sale and discontinued operations"*. As a result:

- the consolidated income statement presents continuing operations and discontinued operations separately. Until March 26, 2024, the net income and expenses of Orange Spain and its subsidiaries are included in the consolidated net income of discontinued operations, and published data for prior years has been restated accordingly. Retroactively, the aggregates constituting the consolidated net income of continuing operations no longer include the net income and expenses of Orange Espagne and its subsidiaries, and internal operating flows are no longer eliminated;
- the previously published consolidated statement of financial position and consolidated statement of cash flows remain unchanged and include the assets/liabilities and cash flows of Orange Espagne and its subsidiaries until March 26, 2024.

Since March 26, 2024, the interests and share of profit in MásOrange joint venture has been consolidated using the equity method in the Orange Group's consolidated income statement and are disclosed in the segment Europe.
